Home Sleep Testing (see also page 23-24)

The world's smallest level 3 recorder packs the quality of a sleep laboratory in the palm of your hand.

BR-MP8KN/E

BR-MBJRK/E

Braebon's Medibyte and Medibyte Jr Home Sleep Testing Recorder offer the same technology used in a sleep lab, in the comfort of the home. These devices use real waveforms which directly measure physiological signals to meet new guidelines. Weighing less than 3 ounces, they are ideal for both adult and pediatric sleep studies.

WristOx₂

- Ideal choice for overnight Pulse Oximetry. It is easy to use and fits on the wrist like a wrist watch
- Powerful Battery – 48 hours of battery life (AAA alkaline batteries)
- Enhanced Memory – 1,080 hours of non-volatile memory at a four-second sampling rate
- Quality and Support – Rugged durability & industry-leading 3 year warranty; assembled in the US by Nonin medical
- PureSAT® Pulse Oximetry Technology – Fast & accurate response for capturing events even in challenging conditions such as motion and low perfusion

Nellcor N-65

The Nellcor N-65 portable pulse oximeter with OxiMax technology offers accurate and reliable performance in monitoring conditions of low perfusion and signal interference.

- Compatible with complete line of Nellcor sensors
- Audible and visible alarms
- Bright blue, backlit display is easy to see, night or day
- Long battery life: 19 or 40 hours depending on battery type

Bedside SpO₂ Patient Monitoring System

- Simple, intuitive operation and space-saving design
- Distinctive digital signal processing technology from Covidien
- Portable, lightweight, durable, easy-to-transport design with a built-in handle
- Capable of displaying plethysmographic waveforms, pulse amplitude, and current measured SpO₂ and pulse rate

TERMS AND CONDITIONS

Satisfaction Guarantee

Your business is very important to the KEGO family. A satisfied customer is a repeat customer, and the KEGO team will work hard at building our business relationship so you keep coming back. If you are dissatisfied with your order, or our service, please do not hesitate to call us and let us know. We will do our best to make it right.

Shipping and Handling

Most orders are packed and shipped the same business day as order placed. We will do our best to maintain sufficient inventory levels to avoid backorders.

Default shipping Methods:

 UPS Ground  Purolator Ground

Other shipping options are available upon customer's request. All orders are F.O.B. origin, with shipping cost billed to customer on invoice.

Payment Terms

Payment terms are net 30 days with approved credit. Until credit has been established, KEGO reserves the right to request a credit card as guarantee of payment. Orders paid after due date may be subject to finance charges. For those customers who prefer to pay by credit card, we do accept Visa, Mastercard, Discover (US only) and American Express. Credit card charges will be assessed when your order is shipped.

Return Policy

Shipping and handling, and hazmat fees are nonrefundable.

To return an item, you must receive prior authorization from KEGO, and obtain a Return Goods Authorization Number (RGA#). All returned items are subject to a restocking fee. With exception to items returned under manufacturers warranty, requests to return items after thirty days will be subject to managerial approval, and will be charged a minimum 25% restocking fee. In most cases, credit will be issued on account to be used against future purchases. Items must be returned within seven days of RGA date, or no credit will be issued.

Liability

KEGO cannot be held liable for damages resulting from the use of products it distributes. Use and application of the products is the responsibility of the user.

Pricing

KEGO pricing can be found at www.kegofmi.com (USA) or by logging in at www.kingmedical.com (Canada). Pricing and product selection is updated as needed, and is subject to change without notice.

Product Information

We do our best to ensure our item numbers, descriptions, and images are correct. Please contact KEGO customer service if you find errors in our catalog or website.

KEGO Corporation diligently monitors the products we sell, to assure our customers that the devices we distribute meet all government standards and regulations. With thousands of products to govern, there is the potential for product licenses to lapse without KEGO's immediate knowledge. In these rare circumstances, the advertised devices would not meet Health Canada regulations, and would not be considered licensed in accordance with Canadian law. Once KEGO acknowledges that this has occurred, these products are immediately removed from sale until their licenses have been re-instated.

Product Availability

Not all products are available in all countries.
